### **Recognition of Achievement** (for mature ESOPs)

Scholarships awarded are typically to companies and individuals who play a significant role in the development and enhancement of their company's **successful** ownership culture. This category recognizes ESOP champions.

1. Please list the employee ownership activities and events during the last year in your company that contribute to a better understanding of employee ownership in the ESOP model. Make sure to describe committees developed, ESOP trainings conducted and communication/education activities offered. Also describe how any of your employees sit on ESOP Association committees (national or chapter), Employee Ownership Foundation (EOF) or other employee ownership efforts outside of your organization.
2. Describe the nominee's(s) level of involvement with company efforts to make ownership more meaningful to the employee owners, including involvement in the activities listed in question 1.
3. How would this nominee(s) use the information learned to benefit the company as well as them personally?

### **Ownership Thinking Development** (for new ESOPs or those just beginning the EO culture journey)

These companies and individuals would like support to develop skills, knowledge and the practice of ownership culture creation.

1. Please describe the status of the employee ownership culture currently at your company. What committees are functioning? What employee communication activities, events and opportunities that enhance employee understanding of employee ownership have you offered?
2. What specific plans does your company have to address your employee ownership culture should you be selected to receive a scholarship? (i.e. Will you develop an ESOP committee? What training will you give employees about ESOPs and creating an effective employee ownership culture?)
3. Describe why you believe the nominee(s) will be good ambassadors for employee ownership. How have the nominee(s) displayed their passion for employee ownership?
4. Additional comments you'd like to add that are not covered in the questions above
