

The Employee Ownership Foundation Charles R. Edmunson Scholarship

Charles Edmunson dedicated his life to the belief that all employees should be provided an opportunity to own a piece of the company where they work and that each employee owner should be offered the respect and dignity of an owner. Charles believed that education was the cornerstone of this vision. The Charles R. Edmunson Scholarship helps to fulfill his goal by offering non-management employees of employee-owned companies the opportunity to attend motivational and educational programs that promote employee ownership and educate on the rights, responsibilities, risks and rewards of employee ownership. The scholarship can be used at Foundation Employee Ownership Retreats or The ESOP Association's Annual Conference and the Association's chapter programs, including multi-day conferences. The scholarships will be awarded to those companies that the Selection Committee deems could best benefit from the opportunity to attend an ESOP Association educational program as determined by the Selection Committee.
